

Master's Degree in Instructional Technology
 Kent State University
PROGRAM OF STUDY

All candidates for the ITEC Master's degree must complete a minimum of 37 hours of graduate level course work, mostly in Instructional Technology. These include 16 hours of ITEC core requirements, 6 hours of general education requirements, and 15 hours of ITEC electives. Electives from outside the ITEC program may be substituted for ITEC electives with the permission of the student's advisor. Students seeking a licensure endorsement should obtain and complete the program of study for that program.

INSTRUCTIONS:

(1) Early during the semester they begin their graduate studies, students must plan their programs and arrange to meet with the advisor for approval.

(2) Any deviation from this contract must be approved by the advisor and filed by the student with Graduate School of Education as changes to this Program of Study.
